Good morning...I see that you are on Hair on Fire duty this week.

I received an email from Ex. 6 Personal Privacy (PP) this morning about Ex. 5 Deliberative Process (DP) (a backlog case) – she would like to know what it would take to finish the case. In my quick look in Confluence, Ex. 5 Deliberative Process (DP). I am guessing the HH risk assessment needs to be updated (last posted in NCR – not in confluence – on 12/12/19).

I am also copying Ex. 6 Personal Privacy (PP) (the PM).

Could you please let me and Ex. 6 Personal Privacy (PP) know by noon tomorrow how much of an effort this might be so we can get back to

Thank you and let me know if you have any questions....

Yes please move it up in the queue and let me know the projection of when it can be completed. I'll have a follow up discussion with Dow after I hear back from you.

Note: until we have more resources or ability to cut off review of new info for older cases, we will manage requests like this on an ad how basis.

Ex. 6 Personal Privacy (PP) – I promised Kari that I would follow-up with you this week concerning the status of the above PMN. If you recall this PMN was also raised in a company meeting with you earlier this year. Engineering and exposure completed their updates in Sept/Oct 2020. I am still waiting for health to update the risk assessment based on those revisions. While I know we are in the process of prioritizing the review of PMNs beyond day 90 it would be helpful and probably appease them if I could provide an idea as to where their review is in the queue. Otherwise, she may request a meeting with you and/or elevate further. Please see the email chain below and advise as to our next steps. Thanks, enjoy your evening.

Hi Kari – Thank you for your email. **Ex. 6 Personal Privacy (PP)** is out of the office today and I will be out on Monday. You are correct in that there is not a hold or pause on PMN reviews and we are making every effort to prioritize and complete reviews as quickly as possible. We are currently balancing the transition of administrations, competing agency priorities, potential changes in policy and resource implications. However, effectively and efficiently reviewing PMNs remains our primary goal. I will speak with **Ex. 6 Personal Privacy (PP)**

next week to discuss the path forward for this case and provide you an update as soon as possible. Have a great weekend.

Hi [REDACTED] **Ex. 6 Personal Privacy (PP)** and [REDACTED] **Ex. 6 Personal Privacy (PP)**

I wanted to follow up on this PMN that has been pending since 2016. When we spoke with [REDACTED] back in January, it sounded like EPA had everything they needed to finish this up. We appreciate [REDACTED] updates, and I understand that we have just granted another 2 week extension.

I also understand from an ACC meeting with [REDACTED] **Ex. 5 Deliberative Process (DP)** on Monday that PMN reviews are not on a hold or pause. Is there a reason why this PMN continues to be held up? Can we do anything or provide any additional information to complete this review?

Thank you both for your attention to this.

Best regards,

Kari
